WHIG MEETING IN TROY .- A large and spirited Whig meeting was held at the Court House, in Troy, on Monday, for the purpose of receiving the world. In the city of Dublin I visited a prison the report of the Nominating Convention. SyL. vester Norton, Esq. presided; and the meeting was addressed by the Hon. D. LEE, of Erie, and rum; and the moral government was as admirable Hon. N. W. Davis, of Tioga, in a manner which called forth the greatest enthusiasm.

A series of first-rate Whig resolutions were then unanimously adopted, and the sub-committee from the different wards to whom the duty had been entrusted, reported the following named gentlemen as candidates to be supported at the ext Charter Election: For Mayor GURDON CORNING, Esq., for General Assessor, John R. KIMBERLY, Esq.

These nominations were received with acclamation, and the meeting adjourned.

In the evening a very large Mass Meeting assembled at the Court House, at which the nominations of the day were ratified, resolutions in favor of Henry Clay and the Tariff were adopted, and addresses delivered by Messrs. LEE and Davis, who were introduced to the meeting by GEO. B. WARREN, Esq. Every thing in Troy looks well for the good cause, and we expect that the approaching election there will result in a triumph indicative of a glorious victory in No-

New-York Legislature.

In the Senate, a joint resolution was received from the Assembly instructing our Senators and requesting our Representatives in Congress to urge the passage of a bill making an appropriation for the improvement of the Hudson Riverwhich was passed unanimously.

Mr. BARTLIT's resolution authorising the Standing Committee on State Prisons, to visit prisons during the recess, &c. was, after considerable debate, lost by a tie vote. A protracted debate on the New York Common Pleas Court Bill then ensued, which came to nothing-and the bill for the relief of the Auburn State Prison, was read a third time and passed .-The bill to increase the capital of the School Fund \$84,000 (being the portion of the Land money allowed to New-York) was then further and somewhat angrily discussed, but left without any question being taken-And the Senate went into Executive session.

The Assembly, after the reception of petitions, &c., considered the New York lien law, which was referred to the New York delegation. The Brooklyn lien law was at the same time referred to a select Committee. The State Prison bill was then debated at considerable length, and the House adjourned to half-past three in the after-

In the afternoon session, the House in Committee of the Whole went into consideration of the Resolutions amendatory of the Constitution in regard to State debt and liability.-Nothing definite was arrived at, when the Committee rose and reported and the House adjourned.

THE MORAL GOVERNMENT AND INFLUENCE OF

Females.-The Hon. Horace Mann, in his ad-

introduces the following remarks concerning the

Prisons he visited during his late European tour,

in which an example is mentioned worthy of imi-

and addressing them as one who came to console

and to save, and not to punish or avenge-always

in tones of the sweetest affection, yet modified to suit the circumstances of each offender-I felt, more

vividly than I had ever done before, to what a sub-

CONCLUSIVE PROOF

OF THE EXTRAORDINARY EFFICACY OF WISTAR'S BALSAM OF WILD CHERRY.

Haddenfield, New-Jersey, April 20, 1843.

On or about the 13th day of October, 1811, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or something inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he though he could do but little for me except give me some Mcrcury Pills, which I refused to take, feeling satisfied they could do me no good;—many other remedies were then procured by my wife and friends, but none done me any good, and the discharge of blood and corruption still continued every few days, and at last became so offensive I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before, and my disease continued in this way, still growing worse until February, when all hopes of my tecovery were given up, and my friends all thought I would die of a galloping consumption. At this moment, when my life was apparently drawing near its close, I heard of Dr. Wistar's Balsam of Wild Cherry and got a bottle, which relieved me immediately, and by the use of only three bottles of this medicine, all my pains were-removed, my cough and splitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade (which is a carpenter) and up to this time I have enjoyed good health. If you have not, just go to 2371 Broadway, corner of Reade street, and you will there learn that the most important discoveries have received been made—discoveries which will effect a complete revolution in medicine, and cannot fail to produce the most beneficial results, affecting as they do, the dearest interests of mankind, nothing less than the health and happiness of the human family. Diseases of the most formidable character, which have so long baffled the wisdom of the faculty, are now fairly broagent within the control of medicine. Even

the insatiable monster, CONSUMPTION, Death's Prime Minister, which has so long preyed upon the fairest and best of our species, has been made to yield to the sanative influence of NATURE'S REMEDIES.

In this age of humbug, these assertions may appear to be exaggerations, but they fall far short of the reality.

The proprietors of the SOUTHERN BALM furnish such satisfactory evidence of its superior efficacy in diseases of the THROAT and LUNGS, and other diseases caused by obstructed perspiration, as cannot fail, we think to convince the

Messys. Hunt 4 Co.:

Gentlemen—Allow me to express my thanks for the benefit I have derived from the use of your Southern Balm. For 10 years I have been very much afflicted with a violent cough which, during the winter season particularly, deprived me of my rest at night, and in the morning such a quantity of phlegm would be accumulated in my throat that it was with the greatest difficulty and pain I could remove it, in fact so great was the exertion I was obliged to use, that I was in constant fear of rupturing a blood vessel. I have taken 3 bottles of TAYLOR'S BALSAM OF LIVERWORT, without obtaining any permanent relief, and began to despair of ever getting any thing that would cure me. I by chance obtained a bottle of your SOUTHERN BALM, and before I had taken the whole of it I was free from my cough and phlegm, and able to sleep as soundly all night as any man.—My wifealso was attacked with the Influenza, so that she was unable to he in bed, and after trying various remedies, herb teas, &c. &c. without finding relief, she used your Balm, which very soon cured her entirely. I have no hesitation in saying that it is the best medicine for the lungs ever invented, masmuch as it is immediate in its effect and pleasant to the raste and I cheerfully recommend it to every person whose inasmuch as it is immediate in its effect and pleasant to the taste, and I cheerfully recommend it to every person whose lungs are affected. With my best wishes for your happiness and prosperity,

ELIZABETH-Town, December, 2, 1843.

Messrs. Sands, gent.—It is with heartfelt gratitude for your kindaess to me that I make a public acknowledgement of the benefit I have received from your Sarsaparilla. I have been for many years afflicted with a cancer in the breast, and for four years it was as I thought incurable; it spread very fast, so that it had nearly covered the whole breast, and for many weeks I was so reduced with the loss of blood and the pain of the wound, that I was mable to tun, mostly in hed and not weeks I was so reduced with the loss of blood and the pain of the wound, that I was unable to turn myself in bed, and my sufferings during the whole winter wers more than I can tell. With the advice of my friends I called two of the most eminent physicians of the place who recommended your preparation of Sarsapartilla, knowing of nothing that would be as likely to help me; which advice I readily received, and before I had taken one bottle I found a change in my feelings which induced me to take more, and when I had taken the thirt bottle I was like another person both in health and strength. I have taken your preparation since last March, and although the wound is not entirely healed it is in a very favorable state, and I believe it will be the means, nitimately, of my entire cure; and that the afflicted may all find the relief which it alone can give is the wish of their and your friend.
